Waste Management Policy

The college will adopt the principles of the best practicable environmental services. A waste hierarchical approach that is to reduce, reuse, recycle and recover waste products in preference to the disposal of waste to landfill will accept by the college. The importance of acceptance of the legal requirements have been recognises by the college to manages its waste responsibility. The college requires all the teaching and non-teaching staff, students, guests and anyone else making use of premises to comply with this policy and associated 'College Environmental Guidance' to ensure compliance with all waste legislations. Any solid waste generated in the campus shall be managed and handled in accordance with the compliance criteria and the procedure laid down by municipal wastes.

Policy Objectives-

The objectives of this policy are-

1. To ensure the safe handling and storage of wastes on college campus.
2. To invest into the expansion of recycling opportunities on the college campus and transform waste into value added products.
3. To minimize waste generation at source and facilitate, repair, reuse and recycling over the disposal of wastes in accost effective manner.
4. To provide clearly roles and responsibilities to identify and co-ordinate each activity of the waste management. To promote environmental awareness in order to increase and encourage waste minimization, reuse and recycling.
5. To ensure the safe handling and store of waste on college campus.
6. To promote holistic approach of waste management in the campus.
7. To provide appropriate training for teacher resident, staff, students and other stakeholders on waste management issues.

Hazardous Waste Management; -

Standard procedures are followed by departments for handling and disposal of hazardous waste. The college does not offer courses using chemicals and compounds with high risk of intensity and side effects. Cigarette smoking is strictly banned in the college.
